In the Matter of)

Replacement of Part 90)

PR Docket 92-235

With respect to the consolidation of the land mobile services, we feel that it is not necessary, it will be disruptive and will deprive land mobile licensees the assurance that current services provide that frequencies will be available to them when needed.

Eagle Point School District covers an area of approximately 645 square miles, some of which is very mountainous terrain, and need the very best coverage we can have.

Respectfully submitted,

Eagle Point School Dist. #9
